# A Survey of Swimming Costs

## THE COST TO THE FAMILY IN COMPETITIVE SWIMMING IN ONTARIO

*R.B.Eynon, P.Kitchen, D.Semotiuk*
*Faculty of Physical Education, University of Western Ontario, London, Ontario.*

Canada's competitive swimming performance has improved very significantly during the past three decades. In 1948, a 10 member (9 swimming and 1 diver) team was selected from 70 competitors (as reported in the Globe and Mail, Jul.10, 1948). There were no Canadian medallists in 1948.

38 swimmers represented Canada at the Montreal Olympics and they won 8 medals. These 38 athletes were chosen from a host of exceptional performers with 108 women and 49 men achieving the Olympic qualifying standard (Swim, 1976).

Several factors, such as improved facilities, greater financial assistance and more professional coaches have influenced better performance. Although considerable financial support has been provided to competitive swimming by both provincial and federal governments, it must be recognized that many parents must financially support their children's competitive swimming endeavors to a large degree. This has increased during the past decade because of salaries, pool time and travel expenses for competition.

The cost to parents is important to all individuals or groups involved in competitive swimming. Amateur sport officials interested in Canada maintaining its high profile in world competition must be concerned. Coaches attempting to earn a living must be involved. If the cost for competitive swimming becomes excessive the base of swimmers will be reduced. This will eventually reduce coaching opportunities and competition. This is already a problem because of fewer children.

**Purpose**

The purpose of this project was to obtain an estimate of the cost to parents in Ontario with children in competitive swimming.

**Methodology**

*Sample selection.* A proportionate stratified sample (Kish,1965) of 400 families was selected from families with competitive swimmers registered in Ontario. This resulted in each club in the province being represented proportionately with the number of families in the club. The sample was selected in 1977.

*Questionnaire.* A questionnaire was developed. The final version consisted of 39 questions; 61 percent were forced choice questions and the remainder were open-ended. It was divided into two sections; the first examined the socio-economic characteristics of the parents and the second the expenditures made by the parents and the time spent by both swimmers and parents on competitive swimming related activities. This presentation will deal only with the families' expenditures. An initial version of this was administered to 39 families from the London Y Aquatic Club. It was revised after this in order to eliminate or change poorly worded questions.

The questionnaire was mailed to the 400 families with a self-addressed envelope. A month later a follow-up was distributed. Subsequently, two months after the initial mailing, a final follow-up letter, printed in red, and a questionnaire were sent out.

*Statistical Analysis.* The final questionnaire was pre-coded for computer analysis prior to mailing.

It was necessary to utilize non-parametric statistics to a large degree, since most of the levels of measurement were either nominal or ordinal. Appropriate descriptive statistics were applied to all variables. The Spearman Rank Correlation technique (Mendenall et al,1974) was utilized to examine a number of sub-problems. These included the relationships between cost and ability, age, available pool hours, and number of swim meets.

**Results**

253 questionnaires were returned which is a 63.3% response rate; of these 235 (58.8%) were almost completely answered. The response rate was good for this technique of data collection. The 253 families represented 330 Ontario competitive swimmers.

Table 1 outlines the membership fees per year in absolute ferquency and as a percentage. The data was analyzed utilizing the data on each of the 330 competitiors. Membership fees ranged from 0 to 900 dollars with an average of $151. It is important, however, to recognize that more than 20% of the sample paid more than $190 per year in fees. There are very limited data to compare this to. Finch (1967) indicated a membership cost of $36 for a Madison Y swimmer.

Table 2 presents the total cost for a family for a year. It ranged from 0 to 6,410 dollars with a mean of $921.24. It is extremely important to note that approximately one-quarter of the 235 indicated expenses of almost $1200 or more. The mean is considerably in excess of the value of $367.83 reported by Finch (1967). Inflation accounts for some but not all of this.

The Spearman correlation analysis indicated that: a) there was a significant (low) negative relationship between age and membership fee. This is probably due to some of the older swimmers in the sample doing most of their swimming in university with no membership fees.

b) higher ability swimmers did not pay higher membership fees. Ability was defined as the percentage an individual was away from the provincial record in his or her best event.

c) swimmers with the greatest number of workouts per week did not pay the largest membership fees.

d) swimmers with the greatest number of meets did not pay the largest membership fees.

**Table 1 Membership Fee/Year**

| *Fee* | *Absolute Frequency* | *Adjusted Frequebcy (%)* |
|---|---|---|
| $0–$50 | 77 | 23.5 |
| $50–108 | 92 | 28.0 |
| $109–190 | 87 | 26.5 |
| $191–350 | 37 | 11.3 |
| $351–900 | 35 | 10.7 |
| Missing | 2 | Missing |
| Total | 330 | 100.0 |

**Table 2 Total cost a year for a family**

| *Total Cost* | *Absolute Frequency* | *Adjusted Frequency(%)* |
|---|---|---|
| $0–$165 | 31 | 13.5 |
| $166–275 | 40 | 17.4 |
| $276–450 | 39 | 16.8 |
| $451–750 | 33 | 14.3 |
| $751–1160 | 33 | 14.3 |
| $1161–1967 | 27 | 11.6 |
| $1968–6410 | 28 | 12.1 |
| Missing | 4 | Missing |
| Total | 235 | 100.0 |

**Mean – $921.24**

With respect to total cost the Spearman analysis demonstrated:

a) the younger the swimmer, the greater the total cost. This can probably be attributed to the possibility of parents being more likely to travel with younger swimmers.

b) total costs increased with ability.

**Conclusions and Recommendations**

1 Membership fees for competitive swimmers averaged $151 in 1977. Approximately one-fifth of the sample paid $190. This has probably been affected by inflation.

2. The total average cost for swimming per family averaged $921.24 in 1977 with approximately one-quarter of the 235 families reported expenditures of almost $1200 or more.

3. Total expenditures were related to age and ability. More money was spent on younger and better swimmers.

4. The membership fee was not greater for the swimmers who were older, were of higher ability, had more pool time and participated in more swim meets. This indicates that young swimmers of less ability and with less opportunity to participate are subsidizing the better performers.

Individuals concerned with competitive swimming at all levels should be concerned with the total costs encountered by a large percentage of families with children involved in this sport. Cost may eventually reduce the number of participants with obvious long term problems arising with respect to competition and the careers of coaches.

Two major sources of costs are pool rental and coaching salaries. A concerted effort should be made to reduce pool costs. A major difficulty apperas to be the "mentality" that says pools should attempt to make money. Municipal, provincial and educational pools should be available at a minimal rate.

Coaching salaries should be subsidized to a degree by municipal and or provincial grants. This should be a major commitment of swimming administrators.

Transportation and travelling expenses can be reduced by examining meet schedules. Considerable savings could be realized by shorter trips, fewer big meets and fewer overnight trips. This is particularly true with young swimmers. This might have other long term positive effects.

With fewer children available, competitive swimming is faced with the problem of first attracting athletes and secondly, maintaining them. Cost may be an important contributing factor.

# Accusplit™.
# The best stopwatch ever.

THE INCREDIBLE NEW ACCUSPLIT 760
REMEMBERS SPLITS AND RECALLS THEM
– ANY TIME YOU LIKE.

## A model for every need.

**Accusplit 705.** The new standard of quality in event timers with strat/stop and time-in/time-out features.
*Only $59.00 ea.*
**Accusplit 725.** Cumulative splits. start/stop, time-in/time-out features.
*Only $69.00 ea.*
**Accusplit 735.** Cumulative splits, or lap splits, start/stop, time-in/time-out features.
*Only $79.00 ea.*
**Accusplit 740.** A full-featured cumulative split stopwatch with memory. Stores up to four cum splits automatically.
*Only $110.00 ea.*
**Accusplit 760.** The new cumulative or lap split-with-total stopwatch with memory. Stores up to four cum or four lap splits-with-total automatically.
*Only $120.00 ea.*
**Accusplit 780.** The new dual split stopwatch with memory. Takes both cum and lap splits simultaneously.
*Only $140.00 ea.*

**4-year battery life**
The new Accusplit memory stopwatches are the only stopwatches that give you at least 4 years of continuous operation without changing batteries!
Use an Accusplit every day of the year with confidence that it won't let you down during an important training session or event.
**Water-tight**
The water-tight construction of the Accusplits gives positive protection from rain and even from accidental submersion in water.

**Slim, comfortable new shape**
The new Accusplits have been designed for extraordinary comfort and ease of operation.
They weigh only 2 ounces and are less than 3/4-inch thick, so they may easily be carried in a shirt pocket.
*Quantity discounts available on request.*
Rates for duty/tax exemptions for e.g. school boards available on request.
**Once you get your hands on your new Accusplit, you'll agree — it's in a class by itself. See your dealer today!**
*For free literature on the Accusplits write to:*

# What's the rush

*by Herbert F. DeBray,*
*Aquatic Professional, Granite Club Limited*
*Toronto, Ontario.*

The population is shrinking! It it continues to decline what will happen to the competitive social patterns and pressures that have evolved from the Baby boom?

. . . What will happen to that social pressure that dictates we must determine our chidlren's careers by the time they are three and if then not a "PhD." by the time they are 25 and earning $30,000 per year salary, they are failures. It may be that there will not be enough children for this pattern to continue.

What does all this information have to do with swimming. Well, simply listen to people who are just remotely in touch with our sport and it becomes obvious that the speculation in the opening comment may be true in athletics as well as the rest of society.

How often have comments been made on the age very young children should start swimming? Young parents in particular, who in the best interest of their children, tend to work towards early athletic, social and academic success seem to be overwhelmed by an obsession where their infants swim, regardless of the information appearing in journals of the American Medical Association, American Swim Coaches Association and Canadian Swim Coaches Association about the detrimental effects on the respiratory and abdominal areas of the body.1

It certainly sounds great to another parent to say that my six-month old is swimming. Yet people trained in psychology and physiology have evidence to say that the infants are not ready in both psychological and physiological abilities to be swimming as an accepted motor skill.2

Somehow, even though medical people and physiologists seem to agree about the disadvantages of infant swimming, other mediums such as the press, manage to obtain information about some whiz kid who has learned to propel himself through the water in an unorthodox manner and print it on the front page of the locak weekend magazine, And the cycle starts again.

The next step of course, a year or two later, is to accumulate more Red Cross and Royal Lifesaving Swimming badges than anyone else in the neighbourhood and if the child has chosen to participate in competitive swimming, then he must collect the most ribbons and trophies, set provincial and national records or be deemed a failure destined to move on to some other activity where his success will probably be similar or become involved in so many activities that the child never has an opportunity to "achieve."

The population is shrinking! North America is experiencing zero population growth. Since this is the case, children involved in athletics must be encouraged to stay in the sport. Because, if they start being pushed at six months they will not be around in the sport about 12 years later.

From the information released in the fall of 1977 by Dr.Jeno Tihanyi a physiologist at Laurentian University, expected strength peaks in females occur from about 14-19 while in males from about 16-23. A heavily pressured child may not last long enough in the sport to ever reach the optimum age for a maximum athletic contribution.

In a highly demanding sport such as swimming where athletes must participate in training sessions up to 25 hours per week and about 2 hours per practice, it is necessary to have participants who are psychologically fresh and motivated. Should the total amount of energy required in the sport of swimming by parents be expended by the time the swimmer has age 12, who has been involved heavily in "competition" (social) from the age of 6 months, how will it be possible to bring that athlete to physical and mental maturity when the optimum strength period arrives?

By energy, reference is made to the total amount of work required to put a swimmer in the water in a season. This requires a fairly good income to enable purchasing gasoline for the car, generate funds for club fees, equipment and travel expenses plus getting up at 5:00 a.m. and participating at weekend swim meets as an official. It is unlikely that this kind of energy requirement coupled with keeping the athlete content in school and at pool can go on forever. (It apperas from observation on both sides, parent and child, that about 10 years, give or take 2 or 3 years, is the maximum.)

In addition other members of the family also require attention, so the amount of energy required is even greater than for one. From experience, it appears that the amount of energy concentrated in a single activity such as swimming can last only about 10 years, give or take 2 or 3. Considering the above information it might be wise to have an energy re-distribution to obtain maximum performance at the peak physiological periods.

This adjustment will not be easy to make because of the social pressures surrounding it and no one will want to go it alone. Years of early participation pressures will be hard to move aside, such as sending children off to nursery school, then kindergarten at 2 and 3 years of age. It is not that these instructions were put there in anticipation of early everything, but rather that people "want it all now." That may be possible with a pocket full of credit cards but certainly not in athletics.

There is no instant solution to the lack of population increase, so some other alternatives may be considered. The obvious but perhaps most difficult is to de-emphasize intensive social athletic competition whether it be between neighbours in pre-school swimming classes or between very young swimmers in swim meets, for example, 10 & under. Eliminate 6 & under type competitions. Participation in water adjustments and acclimatization programs should be encouraged at the pre-school level to develop the sensitivity required for effective propulsion later. This should be followed by a progressive stroke development program with an emphasis on motor pattern development at least two times per week for about 30 minutes a session. Progress awards should not be presented at these levels. Educators who have performed studies on the progress of this age group and the effects on the self-image of the recipients, encourage skill development without material reward and emphasized personal discussion with the instructor as a method of progress reporting.3

A re-alignment of age groups may be the next solution. How often has the oldest 10 year old won all the races at 10 & under, and how often has he failed when he turns 11, and has to swim against an almost 13-year old who is coming nearer to his physiological peak?

Once beyond this area, this problem declines in girls but continues for boys. In keeping with an emphasis on the later development of swimmers it takes some logic to have age groups in the following increments:

10 and 11 / 12 and 13 / 14 and 15 / 16 and 17 Senior

In this way the great 10 year old can still compete and the 11 year old will be swimming with someone more psychologically equal. There will still be problems through the pubertal ages but perhaps not as devastating as before when most of the retirements occurred in swimming.

More participants are needed in the sport of swimming. Should the emphasis through social pressure continue to be on " starting them young" the sport will continue to loose participants.

Pre-schoolers should have fun, lots of exposure and acclimatization experiences with a minimum of pressure on learning to swim. They will learn when they are "ready" (Thorndike) and not much sooner. The subsequent stages, should have an over emphasis on skill and motor pattern development, with a high requency of short lessons and no material awards presebted. From there, a pre-competitive or novice training session would prepare youngsters for the re-aligned age group proposal.

The foregoing is only one proposal. It is quite likely that there are others, but a great deal of consideration must be given to the complex factors of physiology and psycholgical and social pressures, surrounding the total commitment required for more participation in the art and science of swimming.

**COACHING POSITION**

The Fredericton Y Aquanauts Swim Club has a position open for a head swim coach, starting September 1, 1979. Responsibilities include operating training programs for novice and age group swimmers.

Applicants must have had previous coaching experience and be highly motivated. Salary is negotiable, club position is part-time and successful applicant should be prepared to qualify for other part-time work. The possibility exists for affiliation with the University of New Brunswick, varsity swim program.

The Aquanauts are an established, well organized age group club, having approximately 50 swimmers from 35 families.

## "BOUT DE CHOU

La première étape du programme "Bout de chou" mis de l'avant par la Fédération de Natation du Québec au début de l année, est maintenant réaliée. Vous pouvez prendre connaissance des résultats des compétitions régionales qui ont eu lieu en décembre dernier.

Nous passerons à la deuxième étape qui se déroulera en mai alors que d'autres compétitions régionales auront lieu nous permettant d avoir une meilleure idée de la valeur de nos jeunes athlètes. Finalement, l'événement majeur de ce programme sera la compétition provinciale en juillet qui réunira les meilleurs athlètes Bout de chou" du Québec.

J'aimerais vous rappeler que les objectifs de ce programme sont d'avoir de meilleures structures d'accueil pour les jeunes qui joignent une équipe de natation. Les résultats de ces compétitions nous permettront de connaître la situation qualittative et quantitative de la natation chez nos jeunes de 10 ans et moins.

Nous espérons aussi que ces renseignements nous aiderons à mieux préparer les cours de formation à l'intention des entraîneurs qui encardrent cette catégorie de nageurs.

Encore une fois, nous demandons votre coopération car les résultats de ce programme ne pourront qu'améliorer la natation et faire en sorte que votre recrutement soit plus facile.

*Lise Paradis*

# Natation Québec

Fédération de Natation du Québec
1415 est, rue Jarry,
Montréal, Québec, H2E 2Z7
Tel: (514) 374-4700

## L'EQUIPE NATIONALE FRANCAISE S'EMPARE DE LA COUPE MacDONALD

La rencontre France/Québec a permis à la Fédération Québécoise de réaliser plusieurs des objectifs qu'elle s'était fixée. En autres:

- Permettre à nos jeunes athlètes de participer à une compétition de caractère international où l'on retrouverait un certain équilibre.
- Créer un esprit d'équipe au niveau des athlètes et entraîneurs québécois.
- Permettre des échanges fructueux entre les participants des deux équipes.
- Présenter au public québécois une rencontre où les deux équipes pourraient offrir un spectacle intéressant.
- Essayer de rentabiliser une compétition se déroulant sur deux soirées.

L'Equipe de Québec fut sélectionnée lors de la duxième tranche de la Coupe du Québec tenue au Centre Claude Robillard les 20, 21 janvier. Tel que souligné dans le dossier technique, le comité de sélection arrêta son coix sur 16 garçons, 16 filles encadrés par les entraîneurs suivants: Tom Johnson de CAMO, André Fournier de RIO, Jean-Paul Arbour CNMN, Jean-Marie DeKoninck des Sélects, Ken McKinnon PCSC, et Pierre Bedard Laval. Monsieaur Paul Auclair fut le gérant alors que Marian Johnson a agit comme chaperon.

**Performances**

Il semble que je fus un des seuls à prendre la natation française au sperieux. J'avais réalisé lors de négociations avec la Fédération Française et lors de lectures concernant le programme de développement de leur relève et de leur élite qu'un pays faisant de tels efforts ne tarderait pas à avoir du succès. La rencontre a confirmé mes appréhensions et a prouvé qu'il est dangereux de comparer des érformances sur papier et que les victoires se gagnent dans l'eau. Dû à cet état d'esprit, la préparation de nos athlètes n'a pas été ce qu'elle aurait dû être. Les résultats de la première soirée en sont une preuve convaincante.

Si l'on trace un bilan de deux soirées, voici les performances québécoises qu'il faut souligner.

**Chez les dames**

Soulignons d'abord les deux victoires de la plus jeune participante de l'équipe, Michèle Coulombe. Elle a remporté des victoires aux 100 et 200 mètres papillon. Selon la charte de Swim Canada, le temps réussi au 100 mètres papillon équivaut à un pourcentage de 4 3/4%. Il y eut aussi l'excellente performance de Marie-Christine Beauchemin au 400 mètres quatre nages équivalant à un pourcentage de 5 1/2%. Hélène Boivin pour sa part remporta le 200 mètres quatre nages avec une nouvelle marque québécoise (5%). Nos jeunes, Coulombe, Deschamps, Beauchemin, réussirent aussi de bons temps dans cette épreuve.

Hélène Boivin récidiva avec une victoire au 100 mètres dos 1:05.18 équivalant à 3%. Comment ne pas souligner les performances de Line Chenard aux 100 et 200 libre avec des performances de calibre international. Jennifer Boulianne a aussi réussit un bon temps au 200 mètres dos de même que Johanne Bedard au 200 mètres brasse.

Il y eut quelques performances désappointatntes mais dans l'ensemble, nos jeunes filles nagèrent bien réunissant plus de 10 bonnes performances sur 14 épreuves.

**Chez les hommes**

Indépendamment de ce qu'on peut dire, Peter Szmidt fût la bougie d'allumage chez les hommes avec 3 victoires.

Bobby Hewitt cause aussi une bonne impression avec des victoires chaudement disputées au 200 et 400 mètres quatre nages. Sa performance au 200 mètres papillon fût aussi excellente.

Chez les moins expérimentés, Frank Kennedy se signala avec une victoire au 100 mètres dos et une deuxième place au 200 mètres dos.

En général, les performances masculines furent moins bonnes. Il faut dire que l équipe masculine s'est ressentie de l absence d'athlètes de la trempe des Robert Hamel, Mark Gillies, Mike Blondal tenus à l'écart de la compétition pour cause de maladie. Il faudrait aussi en toute justice pour nos athlètes québécois mentionner l absence d'athlètes du calibre d'Anne Jardin, Robert Geller, Graham Welbourn. Ils auraient pu influencer le résultat de la rencontre.

**Performances de l'équipe française**

Ne connaissant pas les meilleurs performances à vie des athlètes français, il m'est difficile d analyser objectivement les résultats. Je puis quand même souligner que toute équipe qui réussit à abaisser 9 records nationaux dans un tel genre de rencontre doit être quand même satisfaite.

Bien que j aie été impressionné par les performances d'Annick DeSusini, Sophie Falandry, Guylaine Berger, Michèle Delcourt, j'aimerais souligner le sérieux et la discipline qu'ont démontré nos adversaires. Contrairement à ce que nous avoins été habitué de voir par le passé, l'équipe française qui nous a visité semble avoir des objectifs bien précis et réussir au niveau international est l'un d'eux. De tels voyages, il faut l'avouer sont agréables pour les athlètes et sont une source de motivation mais il faut qu'ils rapportent des dividendes.

Pour démontrer le sérieux de l'équipe, mentionnons que le lendemain de la dernière soirée de compétitions, les athlètes français ont loué un autobus pour aller visiter Québec et en ont profité pour participer à la séance d'entraînement des Sélects de Québec,

Il est malheureux que nous n'ayons pas eu plus d'échanges entre les athlètes et les entraîneurs, mais je crois que cette première rencontre n'est que le début de fructueux échanges qui ne pourront qu'améliorer les performances de nos athlètes.

En terminant, j'aimerais remercier monsieur Jacques Danis, président du comité organisateur, monsieur Jean-Claude Dubois de l'Institut des Sports du Québec, le personnel de la Fédération qui apporta une aide fantastique, le comité des officiels en particulier Louis Plante et Gilles Brunet, et l'équipe d'entraîneurs ainsi que le personnel de soutien. J'aimerais également remercier tous ceux qui nous aider à faire un succès de cette rencontre. Financièrement, nous avons bien apprécié l'aide de Loto Canada qui a défrayé le coût des billets remis aux clubs, la compagnie Arena qui a habillé nos athlètes, les Restaurants MacDonald et madame Coony pour la Coupe et les médailles, monsieur Bernard Hudon et la Régie des Installations Olympiques pour leur coopération et support et monsieur Gilchrist d'Aquaforums pour les magnifiques casques de bain.

Groupe de l'Equipe Nationale Française posant fièrement avec la Coupe offerte par les Restaurants MacDonald juste avant leur départ pour la France.

## LES CHAMPIONNATS PROVINCIAUX GROUPES D'AGE RENCONTRENT EN PARTIE LES OBJECTIFS DE LA F.N.Q.

Plus de 500 nageurs venant de 45 équipes de la province se sont réunis à la magnifique piscine de l'Université Laval à l'occasion des Championnats Provinciaux Groupes d'Age. Cette rencontre probablement la plus importante de l'année puisqu'elle réunit les meilleurs athlètes des catégories 11&12 ans, 13&14 ans et 15 & 17 ans, a vu les athlètes québécois abaisser 4 marques canadiennes et 12 marques provinciales. Toutefois, ce qui est passé inaperçu et qui est peut-être la raison majeure de la tenue d'une telle compétition, furent les excellentes performances réussies par tous les athlètes venant de toutes les parties de la province.

Cette rencontre qui se déroula sur trois jours et où l'on compta plus de 2,600 entrées revêtait une importance particulière puisqu'elle permettait aux athlètes de réaliser les standards en vue des Championnats Séniors du Québec ainsi que des Championnats Canadiens.

Marco Cavazzoni de Pointe-Claire s'est de nouveau signalé avec 2 records canadiens chez les 11 & 12 ans soit aux 100 et 200 mètres brasse. Parmi les autres qui se sont signalés, mentionnons chez les 11 & 12 ans Josée Pilon d'ottawa qui fut choisie l'athlète par excellence dans sa catégorie, Helen Piekos de CAMQ leur livra une chaude lutte.

Chez les garçons 11 & 12 ans, la palme revient à Yvan Veilleux de Hull suivi de très près par Marco Cavazzoni.

Chez les filles 13 & 14 ans comme on s'y attendait, Michèle Coulombe fut la figure dominante se permettant d'abaisser 2 records provinciaux. Elle a quand même reçu une vive opposition de la part de Nathalie Deschamps des Sélects de Québec. Chez les garçons 13 & 14 ans, le jeune Richard Morris domina complètement mais on doit donner une mention honorable à Denis Lamothe de CAMQ.

Enfin chez les 15 & 17 ans, Jennifer Boulianne de Pointe-Claire remporta le titre de meilleure athlète alors que Peter Szmidt de Pointe-Claire également avec ses 6 victoires individuelles devançait son coéquipier Bobby Hewitt.

La lutte au niveau des équipes ne fut pas si enlevante que prévu. En effet, Pointe-Claire fort d'un contingent de 80 athlètes domina du début à la fin et cumula de 1,266 points suivi de CAMQ 550, Laval 328, Beaconsfield 233 et les Sélects de Québec 180.

## COIN DE L'OFFICIEL

## SEMINAIRE PROVINCIAL ET NATIONAL POUR LES OFFICIELS

**Séminaire Provincial**

Voici les sujets qui seront traités lors du Séminaire Provincial qui aura lieu au Holiday Inn Châteaubriand, 6500 Côte de Liesse.

Les sujets d'étude porteront sur:
— le flux de la paperasse aux Championnats Canadiens Division II
— le système électronique de chronométrage et de classement
— le classement des consurrents à l'ère électronique
— les changements aux règlements
— les cliniques de niveau II
— le profil de cours (en atelier)
— la fiche des officiels

De plus, les délégués pourront parfaire leur expérience en travaillant comme officiel lors des finales des Championnats Canadiens Division II les 16, 17 et 18 mars 1979 à la piscine de Pointe-Claire.

Nos officiels du Québec auront également l'occasion d'échanger avec plusieurs officiels majeurs des provinces de l'est du Canada, puisque ces derniers, à l'occasion de la tenue du séminaire national travailleront lors du déroulement de la rencontre ci-haut mentionnée.

**Séminaire National**

Le séminaire national des officiels majeurs prévu à Frédéricton, se tiendra finalement à Pointe-Claire les 16, 17 et 18 mars 1979, en même temps que ke séminaire provincial des officiels.

Cette nouvelle orientation du comité national des officiels de faire coincider les deux séminaires avec le déroulement des Championnats Canadiens Division II vise à accélérer le perfectionnement des officiels au niveau canadien, en leur permettant de participer aux sessions d'étude théoriques prévues à 9 heures chaque matin, avant le déroulement de la rencontre.

Les sujets d'étude porteront sur:
— le flux de la paperasse aux Championnats Canadiens Division II
— le système et l'équipement électronique
— le classement des concurrents à l'ère électronique.

De plus, les participants pourront parfaire leur expérience pratique en travaillant comme officiel aux six sessions des championnats, soit celles de 11 heures et 18 heures.

## RENCONTRE QUEBEC/ONTARIO

L'Equipe du Québec formée de 48 jeunes âgés entre 11-17 ans se mesurera aux meilleurs athlètes de l'Ontario les 16-18 mars prochain à la Polyvalente de Hull.

Ces athlètes se feront valoir dans les épreuves, telles 400 mètres relais quatre nages, 400 libre, 200 brasse, 100 libre, 100 dos, 200 dos, 100 papillon, 200 quatre nages, 400 quatre nages, 400 relais libre et enfin 800, 1500 libre.

Voici donc la list complète des athlètes venant de tous les coins de la Province qui nous représenteront lors de cette compétition:

**Filles 11-12**

| | |
|---|---|
| Louise Dufour | Rich-Yamaska |
| Nathalie Carson | Chicoutimi |
| Nathalie St-Onge | Laval |
| Catherine McLean | Beaconsfield |
| Christ.Quosdorf | Beaconsfield |
| Josée Labrie | CAMQ |
| Carolyn Verschoote | Pointe-Claire |
| Nathalie Recoskie | CNRH |

**Filles 13-14**

| | |
|---|---|
| Josée Malenfant | Sept-Iles |
| Nathalie Crevier | RIQ |
| Sophie Plante | Brossard |
| Hélène Neveu | RIQ |
| Annick Bérard | Rich.Yamaska |
| Aline Larouche | Riv.du-Loup |
| Cynthia Aita | RIQ |
| Lyne Kucera | Pointe-Claire |

**Filles 15-17**

| | |
|---|---|
| Lucie Cossette | RIQ |
| Lyne Lacoursière | CAMQ |
| Laure Desrochers | St-Laurent |
| Monique Girardin | Sept-Iles |
| Andréa Jardin | CAMQ |
| Francine Durivage | Val d'Or |
| Dominique Ménard | Rich.Yamaska |
| Julie Dionne | Rimouski |

**Garcons 11-12**

| | |
|---|---|
| Scott Faithfull | Pointe-Claire |
| Frank Weimer | Pointe-Claire |
| George Calder | Beaconsfield |
| Sean McDonough | Pointe-Claire |
| Yvan Veilleux | Hull |
| Alain Renaud | Trois-Rivières |
| Réjean Boucher | Shawinigan |
| Christ.Champagne | Laval |

**Garcons 13-14**

| | |
|---|---|
| Robert McCallum | Beaconsfield |
| François Dionne | Rimouski |
| J.François Paquette | Laval |
| André Lord | Shawinigan |
| Michel Gauthier | Chicoutimi |
| Martin Bezeau | Jonquière |
| Alain Veilleux | Hull |
| J.Pierre Magny | Aquamos |

**Garcons 15-17**

| | |
|---|---|
| Rémi Lalancette | Chicoutimi |
| Stéphane Mongeon | Arvida |
| Alain Lavigne | Montréal-Nord |
| Jean Burmingham | RIQ |
| Daniel Lépine | Gagnonville |
| Michel McMurray | Beaconsfield |
| Denis Landry | Joliette |
| Ron Waagen | CAMQ |

## NAGE—O—THON DES CELEBRITES

Le Nage-O-Thon des Célébrités se déroulait mercredi le 28 février à la piscine olympique. Encore une fois, cet événement qui en était à sa deuxième année a suscité beaucoup d'intérêt et a connu du succès. J'aimerais pouvoir dire un bon mot de tous ceux qui nois ont supporté financièrement et moralement mais j'aurais peur d'en oublier. Permettes-moi quand même de remercier le président Joel Lebigot pour l'aide apportée, Jean-Piere Cyr de Speedo Canada pour avoir bien voulu encore une fois fournir les maillots de bain à tous les participants, André Belanger de Molson qui non seulement nous a grâcieusement offert la salle de réception pour la conférence de Presse mais qui est allé chercher pour $1,400 de commandites. Le président de la Fédération de Natation du Québec, Pierre Jobidon qui non seulement a participé financièrement avec le centre dentaire d'Anjou mais a donné l'exemple en nageant 404 longueurs au papillon.

Voici quelques-unes des personnalités qui étaient de la partie lors du Nage-O-Thon des Célébrités. André Belanger de Molson, David Ball de Ouébécair, Joel Lebigot président du Nage-O-Thon, Jean-Pierre Cyr de Speedo, et Richard Gervais de la Compagnie Pétrolière Impériale.

CELEBRITES

| | |

NAGEURS

Christine Cossette (Lac St-Jean)
Johanne Chevalier (RIO)
Marie-C.Beauchemin (PCSC)
Anne Kremer (PCSC)
Marco Veilleux (CNMN)
Frank Kennedy (PCSC)
Robert Hamel (RIO)
Hélène Boivin (CAMO)
Marsha Tufts (PCSC)
Nathalie Gingras (CAMO)
Alison Soroka (PCSC)
Mark Gillies (PCSC)
Sharon Scott (PCSC)

Paule Larochelle (RIO)
André Théorêt (PCSC)
Bobby Hewitt (PCSC)
Nancy McKendrick (CAMO)
Diana Firth (CAMO)
Suzanne Piekos (CAM))
Nancy Roch (CAM))
Suzanne Hubert (Joliette)
Peter Szmidt (PCSC)
Jean-Pierre Hamel (Laval)
Bruce Kent (CAM))

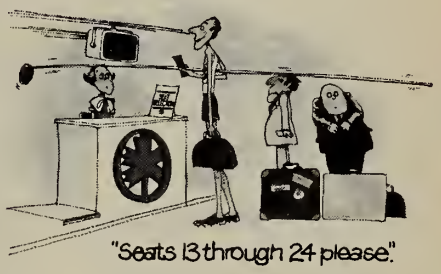
Hélène Piekos (CAMO)

Ci-dessous quelques noms de nageurs qui ont bien voulu collaborer à cedit nage-o-thon.

Michèle Coulombe, Sylvie Kennedy, Norman Vachon. Mike Blondal Sara Kennedy, France Soulieres, Elisabeth Laporte.

# The Game Plan

Every team has one.
Ours is very simple.
To get teams where they're going quickly, comfortably, and safely. And not just the players, but everything they need to play with, too.
Properly tagged.
Carefully handled.
Whatever your sport, we go to great lengths to please you.



AIR CANADA
*...takes you where the action is.*

AGE GROUP INTERNATIONAL LONG COURSE MEET

## PHOTOS WANTED

**SWIM Magazine requires photographs of the top TAG swimmers and especially record breakers.**

**If at all possible, the photos should be black & white, 5 x 7 inches in size, head and shoulder shots are best. Action shots are acceptable also.**

**If your team has bettered a relay mark, a composite of the record setters is also useful.**

# Making Waves

**Campagnolo offers backing to scholarships**

Athletic scholarships should be offered Canadians to attend Canadian universities and colleges in the opinion of Iona Campagnolo, Fitness and Amateur Sport Minister.

She has informed the Canadian Interuniversity Athletic Union of her position and says federal Government funding could be made available for the project.

The CIAU has reviewed the athletic scholarship program in the United States and has always held the opinion that such a program, if implemented in Canada, would cause more problems than it's worth.

U.S.colleges and universities are constantly being investigated by the National Collegiate Athletic Association for recruitment and other violations.

Bob Pugh, executive vice-president of the CIAU, said that a CIAU ad hoc committee is exploring the feasibility of athletic scholarships.

"We're expecting some sort of recommendation in a progress report we expect to receive from the committee in June," Pugh said. "We're looking at alternatives, maybe even a softening of our position."

**Arena promotions co-ordinator appointed**

Adidas (Canada) Limited recently announced the appointmen of Mrs. Eleanor Jarvis as National Promotion —arena—Co-ordinator.

This position mainly includes all areas of marketing philosophies of —adidas— Canada pertaining to any new development as well as reinforcement of already established patterns in the aquatics field — including sales, competition, recreation and leisure concepts.

Mrs.Jarvis has been involved with aquatics for a number of years especially in Masters Swimming, she is married to Tony Jarvis, a former British Olympic representative.

**Esso coaches named**

The Canadian Amateur Swimming Association recently announced the names of the assistant coaches hired with funds donated by Imperial Oil Limited. The new assistant coaches will work at the local club level, supporting the head coaches.

**Terry Halak**, a graduate of the University of Alberta and formerly a coach of Becky Smith will assist Dave Johnson of Edmonton's Keyano Swim Club.

**Jim Perez**, a graduate of Simon Fraser University, who has been coaching age group level teams in B.C. and California will assist Bill Rose at the Canadian Dolphin Swim Club in Vancouver.

**Trevor Tiffany**, head coach until this past September of the Manchester (England) recreational services department joins Deryk Snelling at the Etobicoke Swim Club.

The fourth assistant coach to be appointed is **Mike Sharadin** fomerly coaching in Quebec City at the Club de Natation Ste-Foy as assistant to Tom Johnson at the Club Aquatic of Montreal.

The Imperial Oil Grant for these coaches is $100,000 and represents 1/2 of the total yearly financial support to the CASA. The other portion of their grants is spent as follows: $60,000 for Youth Tours and $40,000 for travel support to the Winter National Championships.
